ROLLPAK BIG VOLUME

STACKABLE CONTAINER ON WHEELS

The stackable and foldable container on wheels: Rollpak big volume.
Composed by the base in wood, assembled on the structure in iron tube, 3 sidewalls.
One of the sidewalls is hinged to the back wall which allows to turn 270°.
Raising the base making the L-form, you can earn some space nesting another Rollpak inside.

Load capacity Kg. 800
Stackable Kg. 400 + 400
