## **AIRPORT LUGGAGE TROLLEY**

### **MESTABLE WITH AUTOMATIC PARKING BRAKE**

**COD. 02.31.000.51**

#### **AIRPORT LUGGAGE TROLLEY**

external dimensions 910x530x1000h.

The chassis is made of strong, flat-sided oval tubing, coated in heat-treated epoxy powder - well made, sturdy and safe, with its front bumpers and plastic handles, it is fitted with a basket and a large advertising panel (mm450x250)

Nested trolleys can be easily pushed.

The automatic parking brake is disengaged by pushing down on the handle of the last trolley.

Load capacity 300Kg.
